Product choice

Produced in Australia, Sodashi products are 100% natural, luxurious and effective. In ancient Indian Sanskrit, Sodashi translates to "Wholeness, Purity and Radiance" and these words aptly describe Sodashi products and unique spa treatments. Sodashi's skin and body care products and spa therapies use only natural sources from the earth and sea, including extracts and essential oils of the purest and highest grade.

Information on Vinotherapy

Vinotherapy involves using grape seed extracts which happen to contain some of nature's most powerful antioxidants. These antioxidants are fifty times the strength of Vitamin E and ten times the strength of vitamin C. The grape products are rich in collagen and firm the skin and slow down the aging process. The infusion of the extracts of grape will introduce healing properties and rejuvenate.

Gift Vouchers

A lost World Spa gift voucher is a thoughtful, precious and romantic gift. Whatever the occasion, we are just a phone call or email away and are happy to arrange a gift voucher of spa treatments. You may wish to create a special occasion getaway by combining a weekend in a mountain villa, dinner in the dining room and a selection of spa treatments.
