## Calling all train enthusiasts!

The former Deputy Prime Minister, Tim Fischer, is an avid train traveller and has been on some of the best rail journeys in the world. His love of trains has been a lifelong passion and he has authored a book, *Transcontinental Train Odyssey - The Ghan, the Khyber, The Globe* (Allen & Unwin 2004).

In the presence of Vince O'Rourke (past CEO of Queensland Rail), Mr Fischer will speak about the good (Shinkansen, Pilbara Iron Ore, Central Queensland Coal), the bad (22 rail gauges created in Australia since 1850) and the ugly (shafted XPT services to the North Coast and Sydney – Brisbane). Mr Fischer will also share stories about the delightful Savannahlander and the East West Transcontinental Centenary (1.45 pm 17 October 2017) that united the national fabric of Terra Australis.

Question and Answer time will follow the lecture.

**Tea and coffee will be served from 10:30am.  
Lecture will commence at 11:00am.**
