Biodiversity & connected wildlife corridors...

Join international conservationist, writer and photographer Harvey Locke as he shares his passion and knowledge about biodiversity and the importance of connected wildlife corridors.

Harvey will also speak on conservation efforts around the world and the Yellowstone to Yukon Conservation Initiative, which he founded. Harvey is a recognised global leader in the field of parks, wilderness, wildlife and large landscape conservation based in Canada.

The O'Reilly family and management team hope you can join us for this presentation from Harvey during his visit to Lamington National Park.

**Tea and coffee will be served
prior to the presentation.**
