

VISITING O'REILLY'S FROM DECEMBER 17TH, 2021

In accordance with the Queensland Government's new health directives as of December 17th, 2021 - there will be new public health and social measures in place to protect guests and staff when visiting or staying at O'Reilly's. These directives are subject to change at the discretion of the Queensland Government.

I'M VACCINATED

If you are vaccinated you will have full access to all areas, facilities and activities at O'Reilly's - this includes staying in accommodation at the Retreat, Villas and Campground, eating in all designated dining areas and also visiting O'Reilly's Canungra Valley Vineyards. We recommend you wear a mask when in a non-restricted location.

It's a good idea to make sure your COVID-19 digital certificate is linked to your 'Check In QLD App' prior to visiting for ease of use during your stay. Visit <https://www.covid19.qld.gov.au/check-in-qld> to find out how to add your proof of vaccination status to the app on your smartphone.

Please make sure you email reservations@oreillys.com.au prior to your visit to advise you are vaccinated and show official documentation of everyone in your group (over 16 years of age) to our Reception team upon arrival. This means you will only need to go through this authentication process once and can enjoy your stay at O'Reilly's without further checks being required by our staff. If Campground guests want to be authenticated by staff once only, they will need to go to Reception to provide their official documentation after arriving.

I'M NOT VACCINATED

 = YES  = NO

If you are not vaccinated, the following rules apply on whether or not you are able to gain access during your stay.

OR CHECK STATUS DESCRIPTION
