

Flock to O'Reilly's from March 6th - 11th, 2022 to join bird lovers for Australia's longest running birding program

During Autumn Birdweek, birders will have the opportunity to rub shoulders with some of Australia's most well-known bird researchers, authors and photographers as they spot over 200 species of the 230 varieties residing in UNESCO World Heritage Lamington National Park – home to Australia's largest collection of sub-tropical birds.

The six day event combines insightful live presentations from Australia's most reputable bird enthusiasts plus guided bird tours throughout O'Reilly's World Heritage-listed Lamington National Park, nearby Kerry Valley and Gold Coast areas.

Please Note:

** Please check the information board in the Discovery Centre for the program, tour lists, changes and additional information.*

** You will be notified of any program changes which are mainly due to changes in weather. Changes to the program are covered in bird call reviews at day's end or often during dinner.*

** All activities are optional - it is your choice on how many events you attend. Be sure to keep track of your bird sightings for the daily bird count reviews.*

** Some birders don't have a luxury of time and will be attending single sessions, single days or several days. Of course, please make them feel welcome too.*

** Lower Duck Creek Road is not accessible at present. Valley tours will travel via Canungra.*

** Please wear your name tags throughout the week.*
