

THE STINSON TREK

85th Anniversary - An iconic Australian walk

THE STINSON WALK

THIS IS A CHALLENGING TREK - 35 KILOMETRES IN LENGTH

Follow the footsteps of Bernard O'Reilly on his journey of discovering the survivors of the Stinson crash (this year marks the 85th Anniversary). A high level of endurance and fitness is required. You will travel through rugged mountainous terrain to the crash site then descend to Christmas Creek for a bus transfer to O'Reilly's.

Preparation is the key element for this difficult but rewarding 12 hour hike!

TERRAIN

This is a very arduous journey through rough rainforest terrain that involves consistent steep climbs and descents. There's plenty of clambering around through storm damaged areas, with fallen trees and the prickly Lawyer Vine, and regular steep rocky slopes to be negotiated, often wet and slippery. You will be using many different muscles in your body during this trek. **The descent to Christmas Creek is particularly steep after hiking for 8 hours - preparation is a must to undertake this walk.**

THE JOURNEY

4:00am - Start by torch light and walk 8km. Arrive at Echo Point at 5:30am.

If you are lagging at this point of the journey, you will be asked to return home, for your safety and the safety of others.

From here we follow Bernard's trail over numerous peaks for the next 6 hours to Point Lookout.

Endurance, Endurance, Endurance - maintaining a good steady pace to complete the trek with daylight hours is essential to ensure the safety of the entire group.

Leaders have authority to turn people back if they perceive your pace will endanger the safety of the group.

12:00pm - Lunch at the wreck site, 20 minutes down the ridge from Point Lookout.

12:30pm - Descend to Christmas Creek, its a very steep, slippery, clamber down small rock faces and storm damage.

2:30pm - Christmas Creek and Westray's Grave. From here it's a 4km walk to the edge of the National Park where food, drinks, dry clothes and transport will be waiting to take you back to O'Reilly's.

4:00pm - Completion of walk, refreshments and bus transfer.

6:30pm - Arrive at O'Reilly's and meet at 7:00pm for Dinner.

EXPERIENCE

Experience is essential on this type of hike. It's vitally important that you have excellent endurance and training. Maintaining the required 'pace' for this trek is mandatory. You need to be strong and stable on your feet when negotiating rocks, uneven ground and slippery steep terrain.

TERRAIN TRAINING

We recommend the following walks for your terrain training. These are good steep, uneven ground treks.

TRAINING PERIOD

A hike of this magnitude requires considerable preparation, it is not one that you decide to do on the spur of the moment. We recommend a preparation period of three months involving a solid weekly workout on the above walks which have similar terrain to the Stinson Trek.

If you have knees that give you trouble DO NOT sign up for this Trek!
